No Police Protection . . . No Mail !!!

IN THE VALLEY OF THE MOON

Well. . . Well. . . Well. . . Boyes Hot Springs doesn't have adequate police protection from the Sonoma County Sheriff to justify the leaving of the lobby door open at the Post Office. . .

We learned from the Boyes Hot Springs Postmaster the reason why the lobby to the Post Office is locked. . . Because the Postal Department feels it best for all concerned, since the police protection furnished by the Sonoma County Sheriff is inadequate. . .

There are many patrons of the Boyes Hot Springs Post Office, which would like to be able to get their mail out of the box that they are paying rent on at any hour of the day or night of the week, like in most other communities. . .

We don't feel the Sheriff should have to take all the blame, since the Government has Postal Inspectors and the F.B.I. . . So let's leave the lobby open and take a chance on having our box broken into, then it's up to the various law enforcement departments to get the thief and nail him to the cross. . .

This is just one good reason why Boyes Hot Springs should Incorporate. . . Then we could have our own Police Department. . .

Thank you,
The Publisher
